

City of LIVINGSTON

A Great Place to Call Home

2011 ANNUAL REPORT

Mayor and City Council

A Great Place to Call Home

Dear Citizens of Livingston:

As you will see in this report, the major focus of the City officials and employees in 2011 was the completion of many important infrastructure projects and the development of a strategic plan to ensure the continuing growth of our area.

The Retail Analysis Merchandising Plan for the greater Livingston area, which was locally funded through the efforts of the Polk County Economic and Industrial Development Corporation, is complete. This study has helped us determine the retail trade potential for the area and will help us ensure that future development in our area is consistent with existing market and economic factors. Catalyst Commercial, a consulting and marketing research firm, has started to approach key retailers and specific merchandising sectors identified in the study. Since we continue to receive inquiries for marketing data from groups interested in Livingston due to our location, low property taxes and low utility rates, we are hopeful that new commercial construction will increase in 2012, bringing with it new jobs, shopping, dining and entertainment opportunities for our residents.

The extreme drought and resulting wildfires across our state in 2011 were particularly hard on the local firefighters so I want to publicly commend the members of the Livingston Volunteer Fire Department for their continued dedication to the fire prevention and fire suppression efforts in our community. These individuals give willingly, sacrificing time

with their families, to provide this extremely valuable service for the citizens of Livingston and the surrounding area.

I also appreciate the efforts of numerous youth organizations that work tirelessly to provide programming and maintenance for our baseball fields, softball fields, soccer fields, and rodeo arena and fairgrounds, thereby saving the citizens of our community many thousands of dollars each year. Additionally, we rely on the help of many community volunteers to plan and conduct special community events like the Easter Eggstravaganza, Main Street Garage Sale, Main Street Jubilee, Hometown Christmas, Jingle Bell Fun Run, and lighted Christmas parade. These volunteers are instrumental in helping provide special events for our community.

Most importantly, I want to extend my very special thanks to the employees of our City who are committed to providing quality services for our citizens 365 days a year. They are truly a dedicated group of people who care deeply about our community and are eager to see Livingston grow and prosper. They work hard every day to make Livingston "a great place to call home."

Sincerely,

Clarke Evans, Mayor

Mayor Clarke Evans

A Great Place to Call Home

City of Livingston

RUCK MARCH TO REMEMBER IN LIVINGSTON

Mayor Clarke Evans presented Certificates of Welcome to the 2nd Security Forces Squadron from Barksdale AFB and to the 81st Security Forces Squadron from Keesler AFB. Livingston City Hall was honored to serve as the location for the change over ceremony for the passing of the guidon. Air Force Security Forces participated in the Ruck March to Remember by marching 2,181 miles from San Antonio, Texas, to Ground Zero in New York City to commemorate the 10th anniversary of the terrorist attacks of 9/11 and to pay tribute to fellow security forces and service members who have fallen by enemy hands since the beginning of Operation Enduring Freedom.

Facts About Your Municipal Government

Date of Incorporation	October 3, 1902
City Charter	General Law City
Form of Government	Council/Manager
Elected Officials	Mayor and five Council members
Term of Office	Two years
Regular Meetings	2nd Tuesday of each month at 5 p.m.
Special Meetings	Called by Mayor

Administrative and Utility Billing

A Great Place to Call Home

In 2011, the City Council and administrative staff completed the process of developing a new five-year strategic plan. This process involved input from a community survey from our residents, a planning session with supervisory personnel and a City Council workshop to address future infrastructure needs, assess facilities and equipment, programming and service delivery needs, and determine future personnel staffing needs for our community. From this process, the City Council developed a plan for financing the priority projects that have been determined which include:

- Construction of a 1,000,000 gallon elevated water storage tank on the west side of Livingston to accommodate the growth along US 190 West and FM 350 South.
- Renovation of the Wadsworth facility on Tyler Street which was purchased from First Baptist Church in late 2008 as a new 17,500 square foot library with plans to include a large sitting area with WIFI access and a vending area, an expanded public use computer room, a separate young adult area and children's area along with books and current materials, a staff workroom and librarian's office on the first floor. The second floor will include a genealogy library, additional space for children's activities and the Friends of the Library organization, and community meeting rooms.
- Expansion by the Trinity River Authority of the city's water treatment plant on FM 350 South to increase production from 3 MGD to 5 MGD to meet increased water supply needs in the community.

- Construction of an express feeder to connect the Livingston substation on the east side of the city with the Ogletree substation on the west side of the city for increased reliability in electric operations within the city limits.

The City Council accepted the resignation of Ben R. Ogletree, Jr., as Director on the Board of the Sam Rayburn Municipal Power Agency and presented him with a Resolution of Appreciation for his 21 years of service on the SRMPA Board.

Mayor Clarke Evans was reappointed to the Sam Rayburn Municipal Power Agency Board of Directors for the 2011-2013 term and City Manager Marilyn Sutton was appointed for the 2011-2012 term.

In May, the City Council appointed Alderman Ray Hill as Mayor Pro-Tem for the 2011-2012 term. Alderman Hill was reappointed as the City's representative on the Deep East Texas Council of Government Board for the 2011-2012 term.

The City's Local Health Authority, Dr. Elias Kanaan, was reappointed for a two-year term: July 2011-July 2013.

In December, Alderman Ray Hill resigned as Mayor Pro-Tem. The City Council accepted his resignation and appointed Alderwoman Judy Cochran to serve the balance of the term which ends in May 2012.

The City Council reappointed Aidney Reeves to serve as a Director on the Board of the Lower Trinity Groundwater Conservation District for the 2012-2014 term.

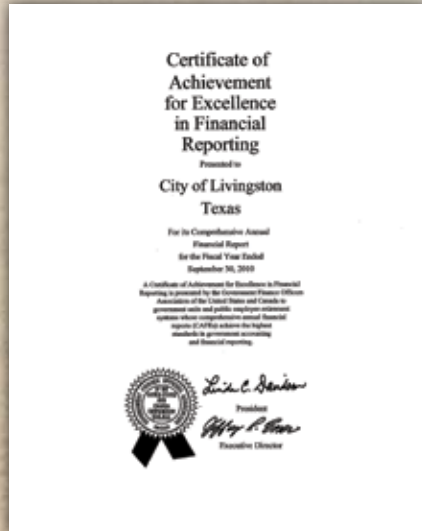

A Great Place to Call Home

Our local economy experienced a modest rebound in 2011 as evidenced by increased revenues.

The sales tax revenue, a major indicator of the economic condition of the area, increased by 5.8%, the hotel occupancy tax increased by 4.3%, gross receipts and franchise fees increased by 13.4%, sanitation service revenue increased by 10.5%, and parks and recreation income increased by 24%.

The Utility Fund experienced an increase in revenues as a result of the extremely hot and dry year which resulted in increased electricity and water usage. Electric sales revenue increased by 5.4%, and revenues from water sales and sewer service increased by 17%.

Revenues

Property Tax	\$ 0
Sales Tax	\$ 3,185,997

23 YEARS OF EXCELLENCE

The Government Finance Officers Association awarded the City of Livingston a Certificate of Achievement for Excellence in Financial Reporting for its 2010 Comprehensive Annual Financial Report. This marks the 23rd consecutive year the City has earned this prestigious national award.

Murphy Memorial Library

7,513

That's the number
of hours visitors
used the City's public
access computers.

During 2011, 39,965 customers visited the library and checked out 58,518 items. The public access computers were used 10,946 times for a total of 7,513 hours; the staff answered 2,129 reference questions. The library gained 707 new members and renewed 1,165 library cards. Also, 2,509 items were added to the library's collection.

The reading programs, Story Times for preschoolers, and Toddler Times for infants and toddlers were well received at the library as well as in local schools and daycare centers. The Mobile Dairy Classroom, as well as Dawn Bello and her search dog named Bear, were also popular.

The Friends of the Library provided a grant to purchase large print books, children's books, the Houston Chronicle and prizes for the Summer Reading Club. The Texas State Library provided a Loan Star Libraries grant to purchase a new public access computer, audio books, and Spanish language and bilingual books for adults and children. The Opportunity Online grant from the Bill and Melinda Gates Foundation allowed the library to upgrade its DSL Internet connection to 12 Mbps.

Economic Development

The City is a member of the Polk County Economic and Industrial Development Corporation, and in 2011, Council approved a \$5,000 contribution to assist in funding of a Retail Analysis Study and Marketing Plan. From this study, a strategic plan to attract new retailers to our community and promote economic development will be developed.

2011 Economic Development: By the Numbers

Population of Primary Trade Area	48,000+
Median Household Income	\$39,133
Traffic Count on US 190 West of US 59	36,696
Traffic Count on US 190 East of US 59	32,218

A Great Place to Call Home

The Livingston Volunteer Fire Department provides Livingston and the surrounding area with fire prevention, fire protection, medical first responders, rescue operations and hazardous material responses. The department covers 250 square miles of property in its initial response area. The department also provides mutual aid to the ten other departments in Polk County. In 2011, the department responded to 850 calls for service.

The unprecedented heat and drought made 2011 the worst year for wildfires in Texas history, which kept our volunteers busy. In addition to fighting area fires, the LVFD assisted with the Bearing Fire, the largest wildland fire in East Texas history, and several fires in Walker and Montgomery counties.

In response to the 2010 Citizen Survey, the City of Livingston Fire Marshal's office began conducting annual fire safety inspections and pre-fire planning in commercial buildings. From September through December, 103 commercial buildings were inspected.

The department provided fire prevention and fire safety programs to schools, civic groups and service organizations throughout the county. In March, over 400 students and instructors from across the state attended the LVFD's annual fire training school. Also, members of the department attended numerous fire trainings outside the city to meet continuing education requirements.

LVFD participated in a 9/11 Memorial Service and Salute to First Responders at an LISD football game.

850 calls for service were answered by the volunteers of LVFD in 2011.

Community Development

A Great Place to Call Home

The pond at the intersection of US 59 and US 190 was transformed into a picturesque landmark and a welcoming entrance to our community. Davis and Brown, a local contractor, dredged the pond, and city employees improved the drainage system, removed underbrush from the picnic area, and installed three new lighted fountains and patriotic displays in and around the pond.

In April, the department sponsored its annual Community Cleanup at Pedigo Park. The event provided a place for area residents to dispose of old bicycles, stoves, refrigerators, furniture and similar items.

Classes began at the new Livingston High School in August. Traffic issues under review by TxDOT include a study to determine the need for a traffic signal at the Livingston High School entrance and an upgrade to the signal at FM 350 South and US 190 West. The City Council approved an ordinance establishing a school zone on FM 350 South for the Livingston High School area which reduces the speed of vehicles during certain hours.

The Community Development Department conducted 705 inspections during 2011.

A certificate of appreciation was presented to the Polk County Adult Probation Department for their beautification efforts and litter collection throughout the City.

The City Council approved a resolution adopting the Polk County Multi-Jurisdictional Hazard Mitigation Plan.

City Council approved the preliminary replat of Lots 1-3, Block 6 of the West End Subdivision on Bluebird Street, to allow Habitat for Humanity to construct new homes.

Building Permit Recap - 2011

Provident Memory Care - 1810 N. Washington

A Great Place to Call Home

The City Council approved a new Police Department policy which requires all uniformed officers to wear personal body armor (bulletproof vests) while on duty and engaged in patrol or field operations. The department received grant funding from the U.S. Department of Justice Bulletproof Vest Partnership to assist in the updating and upgrading of bulletproof vests for LPD officers.

The department purchased two new patrol cars to replace older patrol units taken out of service, and four WatchGuard DV1 in-car video systems. The new video recording systems are more advanced and produce better quality videos.

The Police Department, along with officers from other area law enforcement agencies, competed in a basketball competition with the "Go Getters" – Livingston's Special Olympics Basketball Team. The law enforcement team was once again defeated. Spectators and players alike enjoyed hamburgers prepared by department volunteers.

Four Livingston High School seniors were awarded the LPD's Caran Coward Memorial Scholarship. The scholarships were funded by the sales of barbecue sandwiches made and sold by LPD employees.

LPD participated in a 9/11 Memorial Service and Salute to First Responders at an LISD football game.

Chief Dennis Clifton, who has served as Livingston's police chief for 23 years, received the 2011 President's Award from the Deep East Texas Council of Governments (DETCOG). Chief Clifton was recognized for his outstanding committee work, and his commitment, loyalty and interest in helping citizens of Deep East Texas improve their quality of life.

Electric Department

A Great Place to Call Home

The Electric Department performs a variety of services to ensure our customers have access to reliable electrical service. Substations, lines and poles are properly maintained throughout the year. Last year, the department:

- Set two 40' poles, two anchors and one span of primary overhead to serve the new Department of Human Services building next to Palais Royal, and hung three pole-mount transformers with metering equipment.
- Changed a 40' pole at Calhoun and Washington for Union Pacific control box relocation project.
- Placed a 60' pole with emergency alert siren at Livingston Skate Park on S. Washington.
- Added a 40' pole, underground primary feeder and pad-mount transformer to serve the new booster station on Center Street.
- Provided new underground primary service and a pad-mount transformer for the new Bounds Body Shop.
- Installed a three phase gang switch on Denham Street for line isolation and load management.
- Installed new service at 1809 N. Washington for Rite Track Convenience Store.

- Built a new 25' x 120' concrete slab for transformer storage at the electric warehouse.
- Assisted with installation of lighted displays at the US 190/59 Bypass pond and installed the underground secondary feeders to serve new holiday decorations at Pedigo Park.

The crews performed routine maintenance of both Livingston and Ogletree electric substations and installed insulating materials on bushings in both substations. They maintained lights at Livingston Municipal Airport, tennis courts, baseball fields and fire training field, mowed the electric line rights-of-way throughout the City, trimmed limbs and removed numerous trees that died due to the drought.

Darrell Massey was promoted to Foreman following the retirement of Billy McPike in May after 34 years of service.

The department assisted in the Electrical Safety Training at the Annual Livingston Volunteer Fire Department Fire School.

A Great Place to Call Home

The Water and Wastewater Department continued to focus on ways to upgrade the City's water distribution system to provide better quality water and improved flows to our residents. This included construction of a new 19,000' water transmission line on FM 350 South that supplies water to the city from Lake Livingston. The new 20" line was put into service in July, replacing the existing 12" water transmission line which had served the City since the early 1980s.

Klotz Associates, Inc. presented a preliminary engineering report for the Trinity River Authority (TRA) Water Treatment Plant Expansion project. Based on the report, the City Council authorized TRA to enter into a contract with Klotz Associates, Inc. to proceed with the design and preparation of construction documents to expand the water treatment plant from a 3 MGD plant to a 5 MGD plant.

The City Council awarded bids to:

- Waste Tech for grit removal and mechanical, self-cleaning screen equipment for the wastewater treatment plant.
- McKinney & McMillen for construction and installation of the debris diversion facilities at the wastewater treatment plant.
- NTS for installation of generators for various lift stations, the electric warehouse and the public works facility.

The annual Sanitary Sewer Evaluation Study was completed and recommended actions were taken to correct the direct inflow of storm water into the sanitary sewer system.

Crews continued maintenance and replacement of fire hydrants throughout the city.

The City Council revised the Drought Contingency Plan to address ways to reduce water usage during periods of supply shortage.

Water and Wastewater Department

588,498,000

gallons of City water were consumed in 2011.

Parks and Recreation Department

A Great Place to Call Home

Trade Days completed its 12th year of operations with an average of 151 vendors attending each monthly event. The zip codes taken from those entering the event indicated that Trade Days attracts shoppers from Minnesota, Arkansas, Missouri, Montana, North Carolina, Wisconsin, Illinois, Pennsylvania, Florida, South Dakota, Ohio and all areas of Texas. Trade Days special events included the 10th annual Spring Outdoor Expo in March, the Texas Pioneer Bird Show in June, Christmas in July, and the annual Dog Show in December. Trade Days hosted two vendor events: the annual Hot Dog Supper in August, and the Thanksgiving Potluck Dinner in November.

The City's 12th annual "Easter Eggstravaganza" drew a crowd of excited children who hunted for more than 20,000 Easter eggs stuffed with candy and prize tokens. Local businesses donated candy and more than 200 prizes, including bicycles, tricycles, swimming pools, sports equipment, Easter baskets, stuffed animals, electronic toys and learning games. Numerous volunteers stuffed and hid the eggs.

In April, the Kids Fishing Frenzie was held at the Pedigo Park Pond. The annual fishing tournament was created to promote fishing to kids, from toddlers to teens. The 2011 event was sponsored by the Texas Game Wardens Association (who stocked the pond with catfish), C.H. Marine, First National Bank, Walmart and the V.F.W.

Because of the efforts of our volunteers, the Parks and Recreation Department is able to host many events throughout the year. In April, an appreciation dinner, with the theme "Our Volunteers are Worth a Fortune", recognized the efforts of all those who contributed endless hours of their time to bring events to our community.

In June, the First Annual Livingston PRCA Championship Rodeo was held at Barney Wiggins Arena with some of the world's best riders and ropers competing for cash prizes. Rodeo clowns entertained the crowd with slapstick comedy and young attendees enjoyed the mutton bustin' and a calf scramble.

Pedigo Park was the site for several community events, including the Annual Polk County Relay for Life for the American Cancer Society, the First Baptist Church's "A Night in Bethlehem" and the Ike Turner Camp of the Sons of Confederate Veterans event "School of Instruction on Civil War."

The department focused on several major improvement projects at the City parks throughout 2011. At Pedigo Park, this included the renovation of the two Trade Days pavilions, construction of a new spillway and expansion of the back pond, and clearing additional acreage adjacent to the pond. At Matthews Street Park, the swimming pool was rehabilitated

A Great Place to Call Home

with new plaster and tile. The pool was originally constructed in 1991 with partial funding from a Texas Parks and Wildlife grant.

Over 350 children participated in the summer activities at the Matthews Park swimming pool. Swimming activities were available for Water Babies, Water Waddles (3 year olds) and regular swim lessons for children 4 years old and older.

Each year the Parks and Recreation employees design and construct a new lighted Christmas display. This year they created the 12 Days of Christmas display consisting of 12 separate 30' structures which were seen by thousands of people driving through Pedigo Park during the holidays.

The annual Hometown Christmas celebration attracted many visitors. The Jingle Bell Fun Run included 165 walkers and runners, many in costume. Vendors, a petting zoo and carriage rides were popular attractions surrounding City Hall. The Train Village was popular throughout the month of December. The Hometown Christmas event concluded with a lighted evening parade and visits with Santa at City Hall.

Main Street

A Great Place to Call Home

10,000

People enjoyed
Livingston's 2011
Hometown
Christmas.

The Main Street Program continued to promote the restoration and revitalization of downtown Livingston with nine new businesses opening the Main Street District in 2011, including: The Sharper Pencil, Horace Mann Insurance, BLS Land Management, Loos Cannons, NL Duncan Tax Service, Pure Utilities, Cissy's So Much Stuff, Yours, Mine & Ours Mercantile and The Tackle Box.

Building and business owners in the 10-block Main Street District have taken advantage of the reimbursement grants offered by the Main Street Program to the tune of over \$70,000, spurring over \$200,000 of reinvestment in the District. A total of over \$14,000,000 has been reinvested in the downtown area since Livingston became a Main Street

City in 2005. Local fundraisers and donations are the sole source of revenue for these reimbursement grants. Livingston Main Street receives no money from the state or federal governments.

Construction was completed on the Polk County Judicial Center and an Open House was held September 20, 2011.

The Fifth Annual Main Street Downtown Garage Sale was held in November. This event grows each year and is becoming more of a festival with over 50 food and arts and crafts vendors participating in 2011.

Main Street presented the Ogden Country Jubilee "Branson Style" show twice, in February and August. This sellout event is great family entertainment and Main Street's premier fundraiser, drawing more than 1,000 people to join in the fun. Livingston Main Street joined with all City departments to host the Hometown Christmas in December. More than 10,000 people enjoyed the holiday festivities and fantastic lighted parade.

Main Street volunteers distributed 100 pumpkins donated by HEB Grocery to Main Street District businesses to encourage fall decorating. Main Street Manager Bob Zeigler painted the pumpkins to create snowmen for the Christmas season.

A Great Place to Call Home

Garage Department

In 2011, the Garage Department maintained and repaired more than 135 pieces of equipment/vehicles used by all City departments. The department installed video cameras, emergency lighting, radios, radar and other equipment on new service vehicles and police patrol units.

A new central fueling station with a new fueling system was constructed at Livingston Fire Station #2 consisting of four 6,000 gallon above-ground storage tanks – two for diesel and two for gasoline. This fuel is used for all City and Fire Department vehicles and equipment.

The Garage crew maintained the 12 generators that supply electricity to various City facilities during power outages, and the fuel supply and fuel operations at Livingston Municipal Airport. Additionally, they fabricated and repaired specialty tools for all City departments.

Street Department

The Street Department made city-wide ditch maintenance and drainage improvements; and, as part of the City's brush collection program, picked up vegetative debris and brush once a month in each quadrant of the City.

Pinto Construction Company was awarded the bid for the Seal Coat Street Improvement Project for approximately 12,000 square yards of seal coat work on streets in the northeast quadrant of the City.

The department installed reflective stop signs throughout the City and provided maintenance to City signs as necessary.

The City Council approved the Municipal Maintenance Agreement with the State of Texas for maintenance of state highways within the City of Livingston. Council also approved an ordinance reducing speed limits on SH 146 South from Church Street south to the city limits.

Engineers from the Texas Department of Transportation advised the City Council of pending and future TxDOT construction projects. The projects included the installation of a new traffic signal at the intersection of Business 59 and Highway 146 as well as the redesign of the existing signal at the intersection of US 190 West and FM 350 South. Other projects include routine mill and overlay maintenance schedules for various roads in the area.

Personnel

Employee Awards

The City held its 19th Annual Employee Appreciation and Awards Banquet to recognize employees for their service and efforts during 2011. Departmental Safety Awards were presented to the Fire, Garage, Parks, Police, Street, Water and Wastewater Departments for working without on-the-job injuries or at-fault vehicular accidents during 2011. Award recipients are noted based on the following code:
